

# PUBLIC NOTICE

## Planned Closures on the Gulf Development Road

Etheridge Shire Council has voiced their concerns to TMR Cairns Office regarding the road closures on the Gulf Development Road for maintenance works to be implemented.

Whilst it is understood that programmed works of this nature are to be carried out from time to time the impacts of such works need to be understood as well. To that end we have asked TMR to reconsider and familiarise themselves with the full impact of the total length of the GDR network.

Currently we are awaiting the return of further information concerning this matter.

Council will endeavour to keep the public updated as new information becomes available.

Barry Hughes  
Mayor of Etheridge Shire Council
