Executive Summary

Welcome to Etheridge Shire Council's 2024-25 Annual Budget. The Budget Document for the 2024-25 financial year has been prepared in accordance with the Local Government Act & Regulation, Budget priorities from the Councillor's, Executive Management Team and the Corporate Plan Objectives (2021 – 2025).

Etheridge Shire Council has taken this responsibility seriously and has been working to ensure that while this is a legislative requirement it is also good governance and management practice to ensure that the Council remains financially viable and responsible financial management underpins the way that we do business.

To ensure the system of local government is accountable, effective, efficient and sustainable, Parliament requires—

(a) anyone who is performing a responsibility under this Act to do so in accordance with the local government principles; and

(b) any action that is taken under this Act to be taken in a way that—

- (i) is consistent with the local government principles; and
 - (ii) provides results that are consistent with the local government principles, in as far as the results are within the control of the person who is taking the action.

The local government principles are-

- a) transparent and effective processes, and decision-making in the public interest;
- b) sustainable development and management of assets and infrastructure, and delivery of effective services;
- c) democratic representation, social inclusion and meaningful community engagement;
- d) good governance of, and by, local government; and
- e) ethical and legal behaviour of councillors and local government employees.

Corporate and Operational Plan Objectives

The Corporate Plan is the key strategic business plan for the Council. It provides a focused framework for Council to plan and undertake its business and service delivery over the period of the plan, having regard to various issues, which may have been identified during the planning process, including community engagement.

The Annual Operational Plan and Budget then provide the detail of what will be done each year towards achieving these outcomes and strategies and how they will be resourced

The 2024-25 Operational Plan is a strategic planning document which supports the 2021-2025 Corporate Plan in delivering the vision for the Etheridge Shire.

The Operational Plan identifies projects, initiatives and services that Council will deliver during this financial year toward achieving the long term objectives of the 2021-2025 Corporate Plan. It also provides direction to Council in setting the annual budget.

The Budget for the 2024-25 financial year is derived from the key strategies defined in our 5 Year Corporate Plan, and our Annual Operational Plan.

our Mission

...To lead the community in line with our guiding principles to achieve our shared vision

our Vision

...Etheridge Shire is a place of innovation, diversity and opportunity for all. We have a vibrant and cohesive community which is provided with quality services that maintain a high quality of life, inclusive and progressive leadership ensures a sustainable community economy and environments

our Guiding Principles

Safe - We focus on creating a safe workplace to ensure the wellbeing of our staff and the community; **Teamwork** - We work together as one Council towards shared goals and for the greater good of the community; **Respect** - We will be inclusive, treat people with courtesy and fairness, and ensure each individual is valued and heard;

Integrity- We will behave in a way that is honest, open, and transparent. We will take responsibility for our actions and strive for excellence;

Value - We aim to deliver services efficiently, effectively and in an environmentally and financially sustainable manner; and

Engagement - We engage with our staff and community to inform our decision making, and create awareness of our activities.

| Sundry Receipts | \$63,150 | 0.11% |
| Sales Contracts and Recoverable Works | \$5,053,901 | 8.89% |
| Recurrent Grants, Subsidies, and Contributions | \$40,555,966 | 71.31% |
| Capital Grants | \$7,130,500 | 12.54% |
| Total Revenue | \$56,871,592 | 100% |

Council operations are funded through a number of different sources. Rates form a portion of the budget, however council raises money through other means to help fund our community infrastructure and services.

In 2024-25 Council has decided to increase general rates by an average of approximately 7.1% across the board. This has been considered necessary in order to maintain the level of support to communities, in response to many of Council's input costs (wages, materials and services) rising greater than CPI.

In 2024-25 in line with the State and Federal Governments increasing their expenditure on infrastructure, Council has had an increase of funding to support this additional expenditure. This increase in State and Federal expenditure in some instances also requires Council to provide some matching funds. The infrastructure expenditure mainly will be provided to improve the road network in the Shire, as well as to provide for the development of industrial land in Georgetown.

For the 2024-25 financial year, rates and utility charges will contribute 5.09 per cent (compared to 4.6 per cent in 2023-24) of the total budget revenue; with operating grants contributing 71.31 per cent (compared to 66.8 per cent in 2023-24) along with Sales & Recoverable Works which will contribute 8.89 per cent (compared to 19.7 per cent in 2023-4). 92.74% per cent of Council's income for the 2024-25 financial year is received from grant funding and third-party contracts.

Comparison of Rates and Charges 2023/24 to 2024/25

It is a requirement of section 169(7) of the Local Government Regulation 2012 that the budget must include the total value of change, expressed as a percentage, in the rates and utility charges levied for the financial year compared with the rates and utility charges levied in the budget for the previous financial year. Accordingly, the following table presents a comparison of gross rates and utility charges proposed for 2024/25 compared with those levied in 2023/24. In accordance with section 169(7) of the Regulation, the amounts disclosed in the table below, discount and rebates have been excluded.

| Comparison of Gross Rates and Charges 2023/24 to 2024/25 | | | | | | | | | |
|--|------------------|-------------------|----------|--|--|--|--|--|--|
| Rates & Utility Charges | Proposed 2024/25 | Actual 2023/24 | % change | | | | | | |
| General Rates | 2,539,011 | 2,223,729 | 14% | | | | | | |
| Cleansing Charge (Georgetown) | 153,278 | 141,089 | 9% | | | | | | |
| Waste Management Levy | 39,375 | 36,389 | 8% | | | | | | |
| Water Utility Charge | 496,822 | 496,948 | 0% | | | | | | |
| Total | 3,110,786 | 2,898,155 | 7.1% | | | | | | |

Operating Expenses 2024-25

Sources of Expenses (Where does our money go?)

| Revenue | Budget | Percentage |
|--------------------------|------------|------------|
| | 2024-25 | 2024-25 |
| Employee benefits | 6,336,250 | 13% |
| Materials and services | 35,284,985 | 74% |
| Finance costs | 240,000 | 1% |
| Depreciation | 6,076,723 | 13% |
| Total recurrent expenses | 47,937,958 | 100% |

The Operating Budget relates to what is required for the day to day running of all services, facilities and requirements of the shire. This includes maintenance and operation of facilities such as the pool, community halls, public amenities, libraries, mowing of parks, road maintenance, town streets, waste, environmental health, electricity, communication, information technology (IT), insurances, staff costs and service provision.

For the 2024-25 financial year, employee benefits will cost 13 per cent of the total operating budget, with materials & services amounting to 74 per cent. Interest on loans will represent 1 per cent. Depreciation of Councils assets totaling 13 per cent.

Capital Budget

Council's capital budget for the 2024-25 financial year totals \$17,225,245 (compared to \$14,254,350 in 2023/24. Council's Capital Works program is funded by grants valued at approximately \$22,953,882 (which includes grants running over a number of years). The balance will be funded from Council's own-source revenue and \$1.2 million grant from the Department of Housing towards construction of 2 Affordable houses as a component of the ILP, carried forward from the previous year.

Council has also allocated \$2,761,000 million toward plant replacement program for the 2024-25 financial year, \$1,086,000 carried forward from the previous year.

Relevant Measures of Financial Sustainability.

A local government is **financially sustainable** if the local government is able to maintain its financial capital and infrastructure capital over the long term. Council is committed to maintaining financial sustainability in the long term which allows us to meet our future obligations and the demands of our community for the foreseeable future.

For 2024-25, the Department of State Development, Infrastructure, Local Government and Planning introduced new measures of financial sustainability: -

// Council Controlled Revenue Ratio

This is an indicator of a council's financial flexibility, ability to influence it's operating income, and capacity to respond to unexpected shocks. A higher council-controlled revenue ratio indicates a stronger ability to generate operating revenue without relying on external sources. Councils with a high ratio generally have a healthy rate base and are better able to respond to unexpected financial obligations such as natural disaster recovery.

// Population Growth Ratio

Population growth is a key driver of a council's operating income, service needs, and infrastructure requirements into the future. A growing council population indicates a greater capacity to generate its own source revenue through rates as well as statutory charges. Population growth also puts additional pressure on Councils to invest in a new community infrastructure to support service needs. Conversely, a Council with a shrinking population base will have increasingly limited opportunities to generate operating revenue through its ratable property base, and over time will need to adjust its capital and operating spending decisions to reflect the reducing utilization of its infrastructure and community assets.

// Operating Surplus Ratio

This is an indicator of the extent to which revenues cover operational expenses or are available for capital funding purposes. A positive ratio indicates that funds are available for capital expenditure and the suggested target range is between 0% and 10%. Council's long term commitment to funding future capital growth is reflected in these results. The result for 2022-23 shows that Council is expected to fall within this measure in this period. Essentially this is an indicator as to whether or not Council is able to generate sufficient income to meet its expenses, as well as provide for replacement of capital items.

// Operating Cash Ratio

The operating cash ratio is a measure of a council's ability to cover its core operational expenses and generate a cash surplus excluding depreciation, amortization, and finance costs. A positive operating cash ratio indicates that a council is generating surplus cash from its core operations, which suggests that council has the ability to self-fund its capital expenditure requirements. A negative operating cash ratio is a significant indicator of financial sustainability challenges and potential future liquidity issues.

// Unrestricted Cash Expense Cover Ratio

The unrestricted cash expense ratio is an indicator of the unconstrained liquidity available to a council to meet ongoing and emergent financial demands, which is a key component to solvency. It represents the number of months a council can continue operating based on currently monthly expenses.

// Asset Sustainability Ratio

This ratio indicates whether council is renewing or replacing its existing assets at the same time that its overall stock of assets is wearing out, expressed as a percentage. The benchmark established for the Local Government sector is to have a ratio greater than 90 per cent. Council is currently below this target range, and Council's long term financial forecast indicates that Council will progressively increase its asset renewal and replacement into the future to meet this sustainability target. It should be noted that this ratio is only looking at replacement of assets and not upgrades or new assets for which Council has a significant amount of grant funding.

// Asset Consumption Ratio

The asset consumption ratio approximates the extent to which council's infrastructure assets have been consumed compared to what it would cost to build a new asset with the same benefit to the community. The minimum target of 60% indicates that a council's assets are being broadly consumed in line with their estimated useful lives.

// Leverage Ratio

The leverage ratio is an indicator of a council's ability to repay it's existing debt. It measures the relative size of the councils debt to its operating performance. Council's which have held no debt in the preceding five financial years are not required to report this measure.

The long-term financial forecasts rely on a clear perspective of the long-term infrastructure funding needs of the local government, including maintenance, operations and infrastructure renewals. Without this, a long-term financial forecast for the shire is indicative at best.

The Local Government Regulation 2012 states that the Annual Budget must include each of the relevant measures of financial sustainability for the financial year for which it is prepared and the next nine (9) financial years.

The relevant measures of financial sustainability are the following measures as described in the financial management (sustainability) guideline –

- a) Council Controlled Revenue ratio;
- b) Population Growth ratio;
- c) Operating Surplus ratio;
- d) Operating Cash ratio;
- e) Unrestricted Cash Expense Cover ratio;
- f) Asset Sustainability ratio;
- g) Asset Consumption Ratio;
- h) Asset Renewal Funding Ratio;
- i) Leverage ratio;

Note 1 – Basis of preparation

The budget year Financial Sustainability Statement is a requirement under S169 (4) and S 169(5) of the Local Government Regulation 2012 and the Financial Management (Sustainability) Guideline 2013. The amounts used to calculate the three (3) reported measures are prepared on an accrual basis and are drawn from the 2024-25 Budget financial statements as per S. 169(1) (a) for the year ended 30 June 2025.

From 2024-25 Financial Year, Council will report against new Financial Sustainability Measures, in accordance with the recently released Financial Management (Sustainability) Guideline 2024. Council is not required to report its Budget against the new measures from the 2024/25 financial year.

Council's long term financial management strategy is to forster sustainable groth within the community, and this is consistent with council's long term forecast.

Introduction

Welcome from Mayor

Welcome to Council's 2024/25 Operational Plan.

The Operational Plan is an important document within Council's Strategic Planning Framework. Its purpose is to identify the specific actions and outcome Council wishes to achieve in the immediate 12 months, as part of our journey to achieving our stated Mission and Goals in ouur Corporate Plan.

Council has developed its 2024/2025 Operational Plan in conjunction with its Annual Budget. It has also been heavily influenced by other key sttegic planning documents such as:-

Council's Long Ter, Financial Plan;
 Asset Management Plans
 Regional Plans (Queensland State Government NQ Regional Plan), NWQROC biosecurity Plan, others

As the Operatinal Plan "operationalizes" Council's medium to long-term corporate strategy, it guides Council's Management and staff in their day to day functions. To ensure Council's workforce deliver Council's desired strategy, the Chief Executive Officer is charged with the responsibility of providing a quarterly update on the Operational Plan's implementation. Each quarterly report is displayed on Council's website, as a "Score-card" on our perfermance.

I would therefor encourage Shire ratepayers, residents & other stakeholders to take an interest in our Journey Toward reaching our longer-term Strategic goals.

SCHEDULE OF FEES & CHARGES

Page 32 of 119

SCHEDULE OF FEES AND CHARGES

INTRODUCTION:

All fees and charges included in Council's Schedule of Fees and Charges have been identified as either Regulatory (R) or Commercial (C).

Regulatory Fees and Charges includes the statutory legal source of power under which Council has fixed the fee or charge, including the reference applicable under Section 97(2) of the Act.

97 (1) A local government may under a local law or a resolution fix a cost recovery fee.

(2) A cost recovery fee is a fee for-

- (a) An application for, or the issue or renewal of, a licence, permit, registration or other approval under a Local Government Act (an application fee); or
- (b) Recording a change of ownership of land;
- (c) Giving information kept under a Local Government Act;
- (d) Seizing property or animals under a Local Government Act;

(e) The performance of another responsibility imposed on the local government under the Building Act or the Plumbing and Drainage Act.

The regulatory and commercial fees identified in the Schedule of Fees and Charges have been reviewed by Council.

Etheridge Shire Council requires the payment of fees and charges so that some or all of the cost incurred by it in assessing and processing development applications and for the provision of services is recovered.

This schedule sets out fees and charges in force as at 1st July 2024

SECTION A – DEVELOPMENT APPLICATIONS/TOWN PLANNING

FEES TO ACCOMPANY APPLICATIONS

The required fee should accompany any development application. An application that is not accompanied by the required application fee cannot be processed as it is not 'properly made', within the meaning the Sustainable Planning Act 2009.

FEES AND COSTS – MAJOR DEVELOPMENT

Council actively supports suitable developments and will work actively with a developer, if he/she wishes, to achieve useful and ecologically sustainable projects.

The fees shown later in this schedule are intended to deal with cases where a developer provides very detailed, complete information either up front or during the 'information request' stage. Some developers may prefer to work with Council to determine standards and practices acceptable to all interested parties before a formal application is lodged. In these cases Council may negotiate a fee sufficient to recover all or some of its costs.

REFUND OF APPLICATION FEES

No refund will be made if an application has been refused. If an acknowledgement notice has been issued but no assessment or evaluation of the matter has been undertaken by Council or its officers, 80% of the application fee will be refunded if it is formally withdrawn. If the matter has been substantially assessed or reports are prepared or the matter is listed on Council's business paper, no refund will be made.

CONCESSIONS

An application fee may be remitted in part if, in the opinion of the Chief Executive Officer, the effort involved with assessment is fairly inconsequential because the proposal is very simple, or because some public benefit will follow approval of the application.

1. BACKGROUND & CONTEXT

Section 193 of the *Local Government Regulation 2012* requires a local government to develop a Revenue Policy. The Policy must state the principles Council intends to apply in the financial year for the: -

- Levying of rates and charges;
- Granting and purpose of concessions for rate and charges;
- Recovering overdue rates and charges;
- Cost recovery methods; and

- The extent to which physical and social infrastructure costs for new developments are to be funded by charges for the development.

The Revenue Policy is a constituent document to Council's Annual Budget.

2. PURPOSE & OBJECTIVES

The Revenue Policy is intended to be a strategic document. By outlining the principles under which it will raise revenue streams to fund services and asset investment, the Revenue Policy provides guidance to Council when formulating its Annual Budget. As a result, the Policy will be of interest to those that wish to understand Council's revenue streams.

3. POLICY PROVISION

3.1. GENERAL

In general, Council will be guided by the following general principles for revenue raising: -

- Responsibility in achieving the strategic and operational outcomes outlined in Council's Corporate Plan, Operational Plan and Annual Budget;

- Transparency in the methodology of setting rates, charges and fees;
- Cost recovery from users and / or beneficiaries of its services under the concept of "user pays";
- Having in place a simple rating regime that simple to administer;

- Equity, by taking into account the different levels of service consumption within the local community having regard to economic and seasonal factors;

- Flexibility in being able to respond to changes in the local economy, seasonal conditions and extraordinary circumstances;

- Accessibility in providing reasonable accessible payment methods to suit ratepayers and customers;

- Maintaining Council's services to an appropriate standard;
- Meeting the needs and expectations of the general community; and
- Exploring all avenues for grant funding to minimise rate payers financial burden.

3.2. RATES & UTILITY CHARGES

Council will exercise diligence in its Rating and Utility Charging decisions by: -

- Making clear what is Council's and Ratepayers' responsibility to the rating system;
- Making the levying process as simple as possible and inexpensive to administer;

- Making rate categorisation as simple as reasonably possible - recognising different categories of land will require different needs for Council's services;

Ready identification of land / owners to the respective rate categories and benefited areas for Council's services;

- Equity, by setting the minimum general rate as a contribution toward the cost of governance and service provided to all ratepayers;

- Sufficient revenue is raised to meet the current and future requirements of the community.

- Communication by advising ratepayers about rate notice issue dates and closing dates for discount.

- Clarity by providing meaningful information on rate notices to enable ratepayers to clearly understand their responsibilities.

3.3. RECOVERY & RATES CHARGES

Council requires payment of rates and charges within the period specified in the Rate Notice. It is Council's policy to diligently pursue the collection of outstanding rates and charges, but with due concern for the financial hardship faced by some members of the community.

In pursuing overdue rates and charges, council will apply the principles of: -

- Equity by treating all ratepayers in similar circumstances in the same manner and having regard to their ability to pay;
- Transparency by making clear the obligations, and available options, of ratepayers and the processes used by Council in assisting them to meet to the financial obligations;
- Empathy, dignity and equity in assisting disadvantaged ratepayers with flexible payment arrangements.

3.4. CONCESSIONS FOR RATES & UTILITY CHARGES

In considering the application of concessions, Council will be guided by the principles of: -

- Equity by having regard to the different levels of capacity to pay within the local community;
- Consistent treatment for all ratepayers in similar circumstances;
- Transparency by making and communicating the application process and requirements necessary to receive a concession;
- Flexibility in allowing Council to respond to local economic issues, adverse seasonal conditions and extraordinary circumstances.

3.5. COST RECOVERY FEES

Section 97 of the *Local Government Act 2009* allows Council to set cost-recovery fees. Council fully recognises the desirability of fully imposing the "user pays" principle for its cost recovery fees, unless the imposition of the fee is contrary to the express social, economic, environmental or other corporate goals. This is considered to be the most equitable and effective approach to setting cost recovery fees, and recognises that Council's rate base should not subsidise specific users or clients of Council's regulatory products or services.

However, in setting its cost recovery fees Council will be cognisant of the requirements that such a fee must not be more than the cost to Council for providing the services to which the fee applies.

3.6. DEVELOPER CONTRIBUTIONS & CHARGES FOR INFRASTRUCTURE COSTS

Council requires developers to pay reasonable and relevant contributions toward the cost of infrastructure required to support the development. Specific charges are detailed in the policies and other material supporting Council's Town Planning Scheme.

These Policies are based on normal anticipated town growth rates. Where a new development is of sufficient magnitude to accelerate the growth rate of a specific community with the Shire, it may be necessary to bring forward social infrastructure projects. Where this occurs, Council expects developers to meet sufficient costs so that the availability of facilities are not adversely affected and so that existing ratepayers are not burdened with the cost of providing the additional infrastructure.

4. REVIEW

This policy will be reviewed each year with the adoption of the Budgets.

The purpose of this document is to explain the revenue measures adopted in the budget concerning:

- The making of rates and charges
- The levying of rates
- The recovery of rates and charges
- Concessions for rates and charges

The period covered by this statement applies to the financial year 2024 - 2025.

INTRODUCTIONs

Section 104 of the *Local Government Act 2009* and section 169(2) of the *Local Government Regulation 2012* requires Council to adopt a Revenue Statement, as part of its annual budget.

The Revenue Statement accompanies the Budget, providing an outline and explanation of the revenue raising measures used to resource Council's operations for the 2024 - 2025 financial year. Revenue raising measures are made with regard to the local government principles outlined in section 4 of the Local Government Act 2009, and consistent with Council's Corporate Plan, Operational Plan, Revenue Policy, long term financial forecasts and asset management plans.

PURPOSE

In accordance with the Local Government Act and Regulation, this Revenue Statement outlines and explains the revenue measures adopted by Council in its 2024 - 2025 Budget.

GENERAL RATES

DIFFERENTIAL GENERAL RATES

In accordance with the Local Government Regulation 2012, Chapter 4 Rates and Charges Part 5 Differential Rates, Etheridge Shire Council will make and levy a differential general rate for the financial year ending 30th June 2025, taking into consideration the following aspects:

- Council recognises that different categories of land use will generate different needs and requirements for Council services and facilities. Council also recognises that it will incur a different level of resource expenditure to provide the necessary services and facilities.
- Council has considered the consequences of adopting 'one' general rate and acknowledges that to do so would seriously disturb the equitable distribution of the rate burden.
- Council proposes therefore to continue to levy differential general rates to ensure that the rate burden is distributed in a similar fashion to the pattern in previous years. Council will continue to gather data and to consider this information so as to further refine this process.
- To ensure that owners of land across all differential categories contribute equitably to the cost of common services, Council applies a minimum rate to each differential rating category.

In accordance with Section 81 of the Local Government Regulation 2012, Chapter 4 Rates and Charges, Part 5 Differential General Rates, Council will identify the category in which each parcel of rateable land is to be included and describe each of those categories.

For the purposes of the proceeding table, and this document generally, the term "town plan" means the Town Planning Scheme for the Shire of Etheridge gazetted on 31 January 2020 incorporating all the amendments up to and including 30 June 2023. For avoidance of doubt, and for the purposes of interpreting and applying this statement, the term "town plan" will continue to mean the said town planning scheme.

Pursuant to section 81 of the Local Government Regulation 2012, Chapter 4 Rates and Charges, Part 5 Differential General Rates, the categories into which rateable land is categorised, and a description of those categories, is as follows:

Category 2 • Rural Land – Other

Description: Rural land that does not fall within any other rural category.

SPECIAL RATES AND CHARGES

Special Charge – Waste Management Charge (Einasleigh, Mt Surprise & Forsayth)

In accordance with Section 94(1)(b)(i) of the Local Government Act 2009 and section 94 of the Local Government Regulation 2012, Council will make and levy a special charge for the provision of waste management services in the urban areas (as defined within Etheridge Shire Council's Planning Scheme).

The overall plan for the services, facilities and activities in respect of which the special charge is made and levied shall be identified as follows:

 The rateable land to which the special charge applies is land within each of the benefited areas described in the town area maps 'Planning Maps – Einasleigh, Mt Surprise and Forsayth. Where a parcel of rateable land includes two or more lots, the charge will be levied on each lot.

- The service facility or activity for which the special charge is made is for the provision of maintenance and operations of all waste management facilities for the towns of Einasleigh, Mt Surprise and Forsayth. The Special Charge will substantially fund the activity, however Council may determine to subsidise the service in view of the high costs of this service provision and the undue hardship that may result if full cost recovery was sought from the special charge.
- Council considers that land contained within the defined areas receives an equal special benefit from access to the waste management facilities. Council also considers that the benefit is shared equally by all parcels of land regardless of the value of such land.
- The service facility or activity for which the special charge is made is for the provision of waste management facilities as set out in the expenditure item in the budget document for the Shire of Etheridge for 2024 - 2025.
- The time for implementing the overall plan is one (1) year ending 30 June 2025. However, provision of waste management facilities is an ongoing activity, and further special charges are expected to be made in future years.
- The works and services specified in the overall plan will be carried out or provided during the year ending on 30 June 2025.
- The estimated cost of implementing the overall plan (being the cost of the planned works and replacement of capital items for 2024 2025 is \$67,500.

UTILITY CHARGES

Council will make and levy a utility charge on any land, whether vacant or occupied, and whether or not it is rateable land; or a structure; to recover costs in relation to the provision of services and or facilities.

The following utility charges will be implemented by Council during 2024 - 2025:

Cleansing – Georgetown

In accordance with Section 94(1)(b)(ii) of the Local Government Act 2009 and section 99 of the Local Government Regulation 2012, Council will make and levy a cleansing charge on the owner of the land within the area of the Town of Georgetown and on such other lands outside of the Town of Georgetown where a collection service is supplied by Council.

Annual charges for the collection of each 240 litre bin will be based on the frequency of collection of such bin and the number of such bins collected in the normal course of rubbish collection.

Annual charges for the collection of each commercial bin (900 litre) will be based on the frequency of such bin and the number of such bins collected in the normal course of rubbish collection. Commercial operators may avail of the larger bin via an application to Council.

Rubbish collection frequency for bins shall be once per week.

The costs incurred in the operation and maintenance of all of the waste management functions of the Town of Georgetown (including rubbish collection activities) will be substantially funded by these cleansing charges however Council may determine to subsidise the service in view of the high costs of this service provision and the undue hardship that may result if full cost recovery was sought from the service charges.

The urban areas in question are defined in the Town Plan and comprise the township of Georgetown.

Cleansing utility charges for occupied land where Council deems that a service will be supplied are to be levied on the following basis:

- In respect of improvements erected during the year, cleansing charges shall be levied proportionally for the unexpired part of the year from the date the improvement is ready for occupation.

CLEANSING CHARGE

For each house / dwelling unit / improved property

The amount of the charge to be levied is \$636.00 per annum for a 240 litre mobile bin to be used for the removal of domestic refuse on a normal weekly collection day.

Additional Bins will be charged at \$573.00 per annum

Commercial, industrial of community Facility

The amount of the charge to be levied is \$636.00 per annum for a 240 litre mobile bin to be used for the removal of domestic refuse on a normal weekly collection day.

Additional Bins will be charged at \$573.00 per annum

Commercial, industrial of community Facility

The amount of the charge to be levied is \$886.00 per annum for a 900 litre mobile bin to be used for the removal of domestic refuse on a normal weekly collection day.

Additional Bins will be charged at \$798.00 per annum

Water Charges – Georgetown & Forsayth

In accordance with Section 94(1)(b)(ii) of the Local Government Act 2009 and section 99 of the Local Government Regulation 2012, Council will make and levy a water charge in the manner described hereafter to be levied on all land within the shire whether vacant or occupied to which Council is prepared to supply water, together with any land already connected to Council's various water supply systems.

The charges are also made in respect of any land or other structure, building or place on land to which water is supplied that is not rateable under Section 93 of the Local Government Act 2009.

All such charges levied shall be used to defray the cost of constructing water supply facilities, including the payment of interest, depreciation and the costs associated with the operation, maintenance and management of the water supply system.

The basis of the water charge is:

A utility charge will be applied for the supply of water services to the townships of Georgetown and Forsayth and any surrounding properties which are connected, or capable of being connected to the town water supply system as defined in the Water Supply Service Areas (attachment A).

Water Charges shall be applied on a user pays basis utilising a Two Part Tariff System comprising a Water Base_Access Charge plus a Water Consumption Charge for each kilolitre (1000 litres) of water used. Whilst the aim of the charges will generally be to achieve full cost recovery, Council may decide not to the set charges to achieve full cost recovery due to the poor economies of scale associated with small water supply systems and the resultant costs to consumers should full cost recovery be applied.

It is the view of Council that it is equitable for all properties within the water areas to contribute to the fixed costs of the water supply operation by way of the Access Charge, while the Consumption Charge for all water consumed conforms to user pays principles.

The Access Charge for each separately connected parcel of land within the water area (including Council owned or controlled land) shall be based upon the size of the service connection to such land. Such charges will be based on a base charge per unit with a standard 20mm service connection equating to 20 units. The Schedule of units applicable to different size meters shall be, unless exempted or reduced by Council resolution.

Because of the generally reduced level of use of water facilities by Religious, Charitable and Community Organisations, such Organisations shall be levied 50% of the Annual Access Charge applicable. Water Consumption Charges however will not attract any subsidy.

The approved Religious, Charitable and Community Organisations in Georgetown are The Roman Catholic Diocese of Cairns, The Corporation of the Synod of the Carpentaria Diocese, The Queensland Country Women's Association and the William Wallace Lodge No 64 of the Ancient Free and Accepted Masons of Queensland.

The approved Religious, Charitable and Community Organisations in Forsayth are The Roman Catholic Diocese of Cairns, The Corporation of the Synod of the Carpentaria Diocese and The Queensland Country Women's Association.

Properties with more than one service connection shall be required to pay the applicable Access Charge for each such connection.

Where, in the opinion of the Director of Engineering Services, a larger than normally required water meter is fitted in order to allow for adequate pressure at a premises because of the substandard nature of the mains at that location, then the Chief Executive Officer may reduce the base access charges applicable for the connection down to the base access charge applicable to the next lowest category meter. (for example; a 50mm connection could be reduced to a 40mm connection).

An Unconnected Water Base Access Charge shall apply to each unconnected parcel of land within the water area not currently connected to the reticulation system where Council is able to provide a connection. As the ongoing costs of providing the capacity for connection to each unconnected site is not considered to be the same as for a connected site (as there is no meter maintenance involved) the Unconnected Access Charge shall be equivalent to one half the Access Charge for a 20mm Service Connection.

In setting the charges at the time of establishing a Council budget each year the following principles shall be used:-

- Access Charge to be based on the anticipated ongoing costs of providing, maintaining and improving the reservoir and reticulation system.
- Consumption Charge is to be based on anticipated recurrent short term costs incurred in the maintenance and operations of pumping and treatment systems (including water quality testing).

For the Township of Georgetown, Council may determine to charge a lesser charge for the first <u>700</u> <u>kilolitres</u> per 6 month billing cycle and fund any resultant shortfall from a mix of General Revenue and Grants in recognition of the poor economies of scale applicable to providing water to townships in the region and the hardship that would result in seeking full cost recovery for these services. Water use of more than <u>700 kilolitres</u> per 6 months will be charged at a higher rate per kilolitre to ensure that fuller cost recovery is achieved for amounts considered as excessive.

For Rural Properties connecting off the raw water mains, Connections shall be limited to those approved under the initial agreement(s) between Council and property owner, negotiated as part of the water main pipeline for the Charleston Dam project. Under this agreement, properties have been granted a fixed number of connections to the raw water main, with each connection limited to 20mm connections. Connections will be metered. Primarily, water off-take is for stock watering purposes in lieu of access to the Delaney River. As the connection has been granted as compensation, properties will not pay an access charge for the connection or a consumption charge.

Other rural properties connected to raw water supply networks will continue to pay an access and consumption charge – the access charge will be determined in accordance with the size of the connection (as outlined above).

The consumption charge for the following properties is set at \$0.545 / Kilolitre: -

INTEREST

Council will impose interest on rates and charges that remain unpaid after the appointed date for payment (i.e. the date on which the discount period closes) and includes assessments which are making payments of outstanding rates by installment for the financial year 2024 – 2025.

Forty-five days following the close of discount, interest will be calculated on daily balances of amounts outstanding and charged at the end of the month on a compounding daily interest. Where the amount of interest charged is less than \$20.00 and the rates have been paid in full in the period between the close of discount and the end of the month, the interest may be written off following approval from the Chief Executive Officer.

Interest on arrears will be calculated in accordance with section 133 of the Local Government Regulation 2012 and will be set at the rate of <u>12.35% per annum</u>.¹

LEVYING OF RATES AND CHARGES

In accordance with section 104 of the Local Government Regulation 2012, Council will issue a rates notice to the registered owner(s) of the land on which a rate or charge has been applied. Rates notices shall include the date the notice was issued, the date by which time the rate must be paid and any discounts, rebates or concessions applied.

Council will issue notices on a yearly basis during the periods 01 July to 30 June in the respective financial year.

Council will responsibly ensure that the rates and charges applied are correct and are generally issued within the month of August to better take into account the financial cycle of the local economy.

Methods of Payment

Council will accept the payment of rates by the following methods.

Payments can be made via accepted Credit Card Accounts.

Payment can be made via Eftpos

Available through participating financial institutions Biller Code: 120519

Payment by mail

IN PERSON: Payment can be made personally by Cash, Cheque or Money Order at any of the following Locations: Georgetown Office – St George Street, GEORGETOWN QLD

¹ Section 133 of the Local Government Regulation 2012 (LGR) has been amended to change the way that the maximum interest rate on overdue rates and charges is calculated. The new method is based on the calculation used for the interest charged on unpaid State taxes under the Taxation Administration Act 2001 (TAA) and the Taxation Administration Regulation 2012 (TAR) (i.e. the Reserve Bank of Australia (RBA) 'bank bill yield rate' plus a margin of 8 per cent). For overdue rates and charges, the bank bill yield rate (3-month bank accepted bills monthly average) as at March of each year will be used to calculate the maximum rate of interest to apply for the following financial year.

Local governments will also be required to formally set the actual interest rate to be charged on overdue rates each year (up to the maximum interest rate set by the LGR and CBR). This is to be done by resolution as part of the annual budget process. In deciding the interest rate to be applied, local governments should ensure that they have documented evidence that they have given reasonable consideration to the interest rate, and this will include reasons for the interest rate chosen. This will allow ratepayers to understand the basis for the local government's decision. The bank bill yield rate as at March 2024 published by the RBA was 4.35 per cent, so the maximum interest rate for the 2024 - 25 financial year will be 12.35 per cent.

Acceptance of a cheque and issue of a receipt are conditional on collection of the proceeds and until collection, no credit is given or implied. Property owners will be liable for any dishonor fees and discount will be lost where cheques are dishonored and not rectified prior to the discount date.

Payments in Advance

Payments in advance by way of lump sum or installments may be accepted, however interest will not be payable on any credit balances held.

Payment by Installments

Council will allow payments by installment where it will benefit both the individual and assist with the collection of overdue rates and charges.

Installment plans shall be based on ability to pay and if possible full recovery within a specified period.

The acceptance of a request to pay by installment shall not be considered a 'Formal Payment Arrangement' and interest will continue to accrue at the rate determined in the policy statement. Council shall also retain the right to take legal action to recover outstanding rates (arrears) if deemed necessary.

TIME IN WHICH RATES MUST BE PAID:

In accordance with the provisions of Section 118 of the Local Government Regulation 2012, the rates and charges levied by council must be paid within **forty-five (45) clear days** after the notice is issued.

With regard to financial hardship, Council shall actively pursue the collection of outstanding rates and charges.

Council shall use the following as a referral guide for the recovery of rates and charges:

Standard Performance:

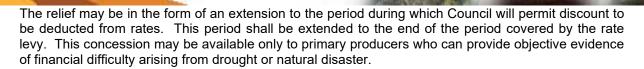

- 1st Notice issued within 21 days of end of discount period;
- (Clients will be given 21 days from post date of 1st notice to contact Council and either pay the
 outstanding amount in full or initiate an installment plan.)
- Where there has been no movement on an account or an installment plan has defaulted, Council
 may refer the debt to a debt recovery agent, (elected through quotation or tender).
- Generally an account will not be referred to the collection agent, unless it is \$500.00 or greater in value.
- All debts referred to a recovery agent, shall be subject to their terms and conditions of payment.
- Payment plans will be considered even though Council has referred the debt to a collection agent.
- Where the collection agent is unable to trace the interested parties, the account shall be referred back to Council and standard reminder notices will be forwarded periodically.

Further Action:

- Where the collection agent has returned no result, Council may make a resolution, to proceed with legal action against the interested parties.
- Properties in default of payment for three (3) or more years may initiate action under Section 140 of the Local Government Regulation 2012 – Notice of intention to sell land for overdue rates or charges.

Exceptional Circumstances - Drought Relief or Natural Disaster

Council may at its discretion grant some relief to rural ratepayers who are financially stressed by drought or have been affected by a natural disaster.

The Department of Primary Industries shall be the determining body for the process of declaration of drought.

REBATES AND CONCESSIONS

Discount

In accordance with section 130 of the Local Government Regulation 2012, Council will allow a <u>15%</u> <u>discount</u> on all General Rates and Utility Charges, if payment is made within <u>45 clear days</u> from the date of issue of the notice.

If Council is satisfied that a person liable to pay a rate has been prevented, by circumstances beyond the person's control, from paying the rate in time to benefit from a discount under section 130 of the Local Government Regulation 2012, then Council under section 130(10) of the Local Government Regulation 2012, may still allow the discount following written application by the ratepayer.

Pensioner Concessions

Council will allow a remission of 50% of the total of General Rates, Cleansing Utility Charges, Water Utility Annual Access Charges, Special Charges Waste Management and Special Charges to qualifying pensioners only subject to a <u>maximum remission of two and one quarter times the maximum State Government Pensioner Rate Subsidy</u> allowable in the year.

Currently the maximum State Government Pensioner Rate Subsidy is 20% of rates up to <u>\$200 per</u> <u>annum</u> so the comparative maximum Council Pensioner Remission is 50% of rates up to <u>\$450 per</u> <u>annum</u>.

Persons holding a Department of Veterans Affairs or a Queensland Repatriation Health Card issued by the Department of Veterans Affairs will receive the maximum discount allowable.

The concession shall be available to eligible pensioners in addition discount (above).

To be eligible for Council subsidy pensioners must meet the following criteria:

- Concessions are only available to approved pensioners who are in receipt of a pension from the Commonwealth Government.
- An approved pensioner is one who is and remains an eligible holder of a Queensland 'Pensioner Concession Card' issued by the Department of Social Security or the Department of Veterans' Affairs, or a Queensland 'Repatriation Health Card – For all or specific conditions' issued by the Department of Veterans' Affairs.
- The approved pensioner must be the owner / joint owner or life tenant of the property that is his/her principal place of residence. In the cases of co-ownership, the Council subsidy will apply to the full share of the gross rates and charges regardless if only one of the owners are entitled to an approved pension.
- The claimant must be a resident of the shire on the first day in July in the financial year in which the benefit is being claimed. Pensioners taking residence after that date will be eligible for a prorata concession based on the number of day's resident.
- The concession is only available to claimant's who reside in a structure which has been approved by Council to be a habitable dwelling, and/or are in receipt of Council services.

- Pensioner concession is not available on income producing properties and applies to urban or rural residential lands. The Chief Executive Officer may, at his discretion, extend this concession to rural land in exceptional circumstances and/or where the primary land use code is 02 (Single Unit Dwelling), or 05 (Large Homesite – Dwelling) as determined by the Department of Natural Resources.
- A pensioner's eligibility shall be confirmed through the Centrelink Customer Confirmation eService in all circumstances.
- Application for the above pensioner concessions is required only on initial application.

Natural Hardship

Council may, at its discretion allow other concessions or remissions if it is of the opinion that some unusual and serious circumstances exist which may prevent payment within the appointed time or otherwise delay the payment of rates and charges as they fall due.

Applications for concession or remission should be able to demonstrate unusual and severe difficulty rather than the usual frustration and trial to which everyone is subjected from time to time.

General Rate Caps

Council will not be using rate capping in 2024 - 2025.

Valuation Averaging

Council will not be averaging land valuations when implementing the Shire's Valuer-General valuation due to take effect 1st July 2024.

Economic or Social Incentives

Council may allow rating concessions as an incentive to attract business to the Shire in an industrial estate development or in a project with similar economic benefit to the Shire.

At Council's discretion, it may remit some or all of the rates and charges that would otherwise be payable.

At Council's discretion, it may remit some or all of the rates and charges that would otherwise be payable by certain clubs or organisations that, in the opinion of the Chief Executive Officer, fulfill useful social and or charitable community needs, as identified in Council's Corporate Plan.

The following clubs and or associations shall fall into this category and will be granted concessions as listed below for the 2024 - 2025 financial year:

OPERATING CAPABILITIES, BORROWINGS, DEPRECIATION AND PROVISIONS:

Operating Capability

The change in operating capability of the local government is disclosed as the bottom line of the Operating Statement. It reflects the change in total wealth of the Council.

The Shire's development and economic circumstances are not expected to alter by any significant amount in the foreseeable future.

Borrowing Policy

Council is required to adopt a Borrowing Policy that outlines its intent to borrow funds for the respective the financial year, and the following 10 years.

Council will also maintain a working capital facility to manage cash balances, affected by the timing of the expenditure of claimable expenses (associated with Queensland Reconstruction Authority (Disaster Recovery Fund), Department of Transport and Main Roads and grant funded projects) to reimbursement of claimed costs. Further, Council retains the right to borrow funds for infrastructure development if an emergent situation arises.

Depreciation and Non-Cash Expenses

Depreciation and other non-cash expenses will be funded to the extent that they are recognised in Council's Accounts. Such funding will be a component of the accumulated surplus in the Appropriation Statement.

Council has now recognised a value for its roads and other infrastructure assets in its financial statements in accordance with the various sections of the Local Government Act 2009 and the Local Government Regulation 2012. Council notes that the quantum of accumulated depreciation on such classes of assets may be beyond its capacity to fund fully and accordingly may identify assets that it will not replace when their useful life has expired.

Provisions

Council's accounts show due provision for leave and employment entitlements. The funds necessary to satisfy future need are held as part of investments.

REGULATORY CHARGES

Regulatory charges shall be measured on the basis of the estimated cost of providing the goods or service.

BUSINESS ACTIVITIES

Council has the power to conduct business activities and make business activity fees for services and facilities it provides. Business activity fees are made where Council provides a services and the other party to the transaction can choose whether to avail itself of the service. Business activity fees are a class of charge, which are purely commercial in application and are subject to the Commonwealth's Goods and Services Tax.

Business activity fees include but are not confined to the following: -

- Commercial rents
- Plant hire,
- Private works
- Facility Hire
- Bulk water (stand pipe) supply

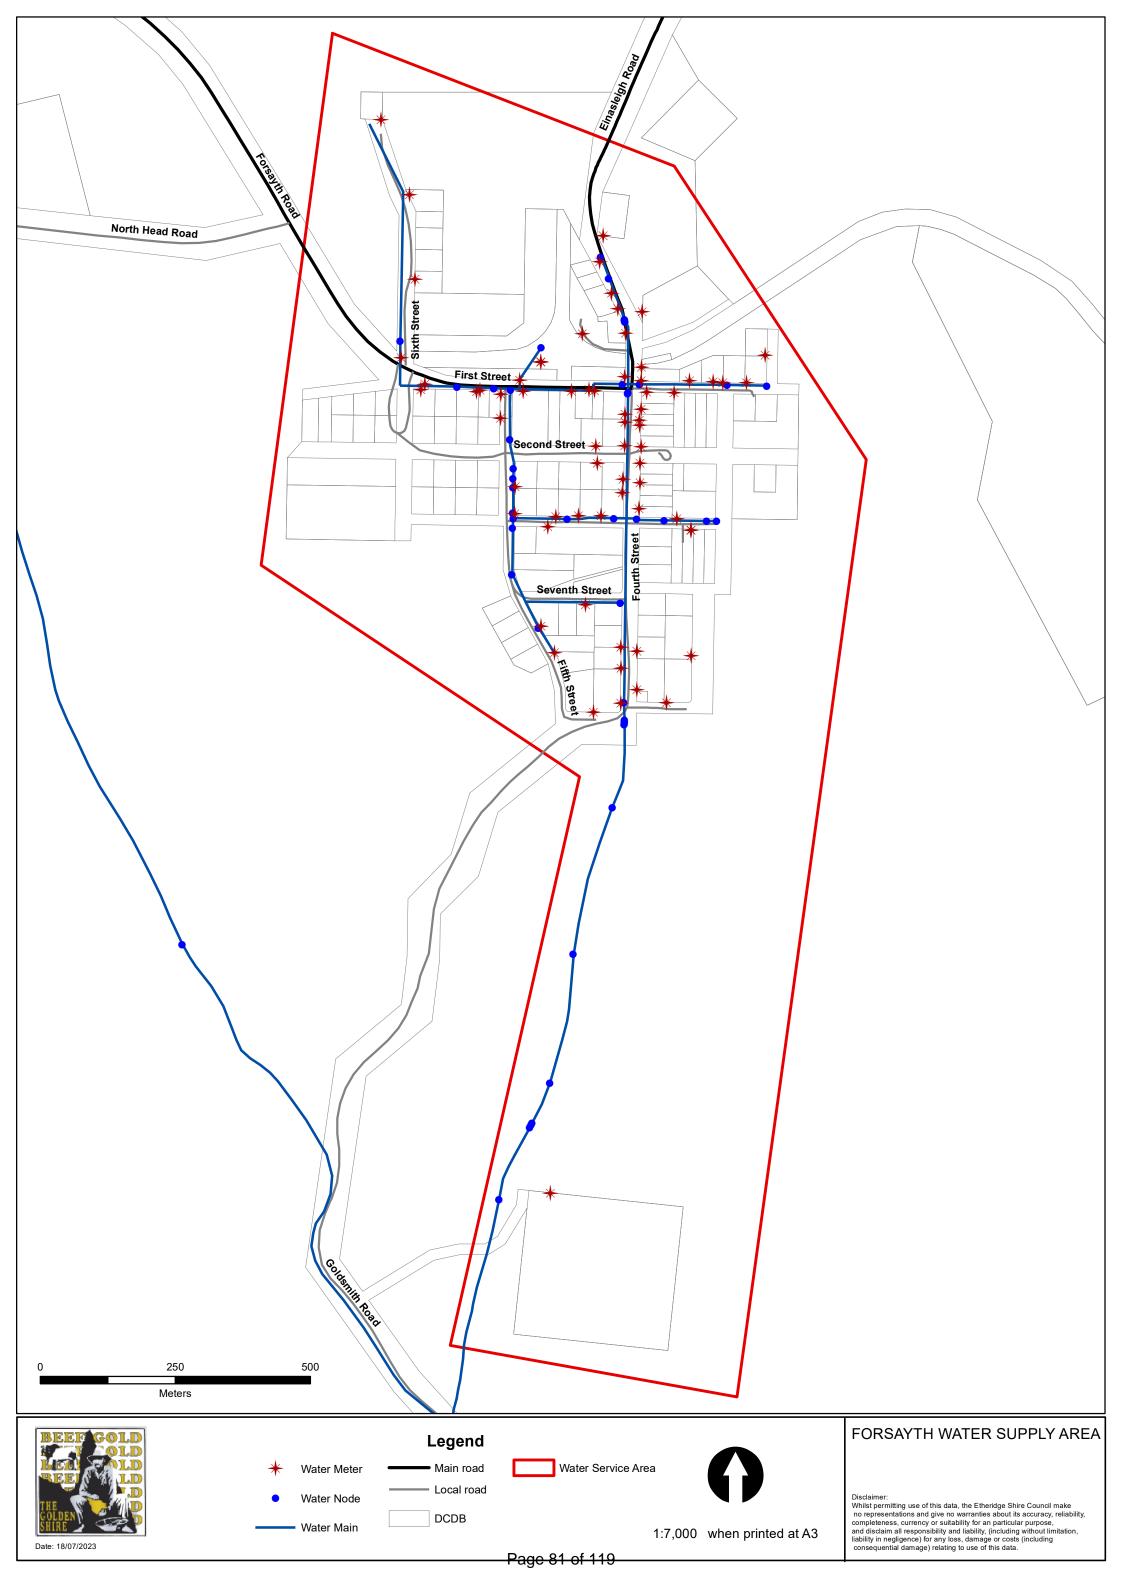

Please note: the above business activities are not business activities for the purposes of Chapter 3, Part 2 of the *Local Government Act* 2009 or Chapter 3, Part 2 of the Local *Government Regulation* 2012.

1. BACKGROUND & CONTEXT

Council is a very large business providing many diverse and significant services to the community. It is important that guidelines are established to assist in providing rigor to its financial management. This includes guidelines to:

- Clarify limitations on the release of budgetary information prior to the formal adoption of the budget;
- Ensure that Council reports are presented in a fiscally responsible manner;
- Provide guidance in the preparation of the budget reviews;
- Ensure that required amendments to the budget are made in a timely manner;
- Ensure consistency with Council's Long Term Financial Forecast.

2. PURPOSE & SCOPE

This policy provides a framework for the administration of Etheridge Shire Council's ("ESC") budget and establishes guidelines to ensure that known variations to the budget are addressed in a timely manner.

This policy applies to all: -

1. Elected Members;

2. Council Staff who prepare and contribute to ESC's annual budget;

3. Officers who prepare reports to Council, as it provides a guide for the presentation of financial information in those reports.

This policy also sets out the Budget review process.

3. **DEFINITIONS**

For the purpose of this policy:

Council shall mean Etheridge Shire Council.

Adopted Budget shall mean the original budget for Etheridge Shire Council for the financial year including any amendments to the budget adopted by the local government under section 170 of the Regulation.

Corporate Plan shall mean a document adopted under section 166 of the Regulation that outlines Council's strategic direction over the following five (5) years.

Long-Term Financial Forecast shall mean a document that forecasts over a 10 year period: -

(a) Council's income and expenditure; and

(b) The value of Council's assets, liabilities and equity.

Operational Plan shall mean the document adopted under section 174 of the Regulation that outlines how Council will progress the implementation of the Corporate Plan during the immediate 12-months.

The Act shall mean the Local Government Act 2009.

The Regulation shall mean the Local Government Regulation 2012.

4. POLICY PROVISIONS

Etheridge Shire Council's budget cycle is aimed at addressing the need for:

- Long term financial planning;
- Detailed annual budgets supporting Council's operating plans and revenue decisions;
- Reviews to address progress against the annual operating plan; and
- Reviews to align the budget with actual results.

This is illustrated as follows:

4.1. COUNCIL REPORTS

The following principles are to be applied when compiling official Council meeting reports:

(a) Recommendations that are presented to Council that have the effect of increasing expenditure or reducing income (if adopted) MUST indicate where alternative funding is to be sourced from.

(b) No report should include a recommendation that "funds are to be identified at the next review" or that "the project be included in next year's budget" (although the item may be **listed for consideration** in either the next review or the following year's budget). Note: These two statements have the effect of committing Council to works that it may not be able to fund.

(c) Where a recommendation states that the funds are to be allocated from various Reserve pools the report **MUST** include the current balance of the relevant account. This will enable Councillors to be fully informed prior to approving the allocation.

(d) Only emergent projects/expenditure items should generally be incorporated into Budget Reviews. *Note: The overall intention for the Budget Reviews is to review performance and assess financial position.*

(e) Where an item that has financial implication is raised in the General Business section at a Council Meeting, a report is to be presented to a future meeting so that possible funding can be identified before the recommendation is adopted.

(f) The budget is a "project" budget. Where projects are completed under Budget, the funds are to be retained in consolidated revenue for those projects that may be over expended.

4.2. ANNUAL BUDGET CONSIDERATION

Throughout the financial year Council considers matters, which may result in a referral to future budget considerations. Where this occurs in an open Council meeting it becomes a matter of public knowledge. These matters must be consistent with Council's Long Term Financial Forecast, when adopted.

During the lead up to the adoption of the original budget for a particular financial year, detailed presentations and working papers are provided to Councillors. The presentations and working papers may include potential expenditure, pricing and rating considerations and various scenarios on options to be considered before the adoption of the budget.

As a matter of policy, all budget working papers including material presented on possible pricing, rating and expenditure is to be treated as "strictly confidential".

In some instances portions of the above information may normally (outside of the budget process) be used to answer enquiries or comments from members of the public. In recognition of the operational need to continue to respond to public enquiries/comment during the budget preparation, the Mayor and CEO (or CEO delegate) are authorised to exercise discretion in releasing information, which would otherwise be considered confidential under this policy.

4.3. BUDGET REVIEWS

It is recognised that (following the finalisation of the June financial statements) the actual opening balance may be either more favourable or less favourable than the estimate in the original budget. In the case that it is more favourable, priority will be given to transferring any surplus to appropriate reserves or to reduce the level of borrowings.

Budget review(s) are to be undertaken at the following periods:

- First review immediately following close of accruals for the previous financial year;
- Six monthly review following the close of accounts in December;
- Nine monthly following the close of accounts in March

4.4. AMENDMENTS TO THE BUDGET

There are a number of budget amendments that may be required during the year. The process for handling various types of amendments is as follows:

| Type of Amendment | Process |
|--|---|
| Increased / decreased expectation of revenue | Adjust at next review. Report to Council is required in relation to impacts on the Original Budget |
| Increase or reduction in the scope of a Council approved project (operating or capital) | Adjust at next review. Report to be prepared for Council at the next General Meeting for decision/endorsement, outlining if there is any financial/budget impact and adjusted at next review if required. |
| Incorrect classification of projects as either operational or capital nature or incorrect allocation which is for accounting purposes only (May have an effect on depreciation expenses) | Report to be prepared for Council at the next General Meeting for Council resolution |
| Information regarding additional grant funded projects and associated revenue and expenditure not allocated within the original budget | Report to be prepared for Council at the next General Meeting for endorsement and discussion around additional funding sources if required if the grant is not 100% funded. Adjust at next review |

1. PURPOSE

Section 191 of the *Local Government Regulation 2012* (the Regulation) requires Council to adopt an Investment Policy that addresses: -

- The local government's investment objectives and overall risk philosophy, and
- Procedures for achieving the goals related to investment stated in the Policy.

Consequently, the purpose of this Policy is to identify Council's philosophy and strategy for investment, overall risk philosophy and the investment objectives and expectations. The Policy will guide Council's investment decisions based on an assessment of counterparty, market and liquidity risk within the legislative framework of the *Statutory Bodies Financial Arrangements Act 1982* and *Regulation 2019*.

2. SCOPE

This Policy applies to the investment of surplus funds in accordance with investment powers under Part 6 of the *Statutory Bodies Financial Arrangement Act 1982* (SBFAA).

3. OBJECTIVES

The objectives of this Policy are:

- 1. To adopt a Policy on investing surplus funds that provides for responsible financial management and statutory compliance; and
- 2. To ensure an acceptable investment ratio is maintained so that new investments do not impede Council's ability to maintain an appropriate cash flow to service debt and operational payments.

4. POLICY STATEMENT

Council's investments will be made in accordance with: -

- The Act & the Regulation
- Part 6 of the SBFAA; and

All investments are to be denominated in Australian Dollars / currency.

To mitigate risk and protect the capital value of investments, funds will only be placed with Queensland Treasury Corporation or other allowable financial institutions as defined in the *Statutory Bodies Financial Arrangements Act 1982*.

4.1. INVESTMENT OBJECTIVES

Etheridge Shire Council's overall objective is to invest funds at the most advantageous rate of interest available to it at the time, for that investment type, and in a way that it considers the most appropriate given the circumstances.

In priority, the order of investment activities shall be preservation of capital, liquidity and return.

I. Preservation of Capital

Preservation of capital shall be the principal objective of the investment portfolio. Investments are to be performed in a manner that seeks to ensure security of principal of the overall portfolio. This would include managing credit and interest rate risk within given risk management parameters and avoiding any transactions that would prejudice confidence in Council or its associated entities.

a) Credit Risk

Étheridge Shire Council will evaluate and assess credit risk prior to investment. Credit risk is the risk of loss due to the failure of an investment issue or guarantor. The investment officer will minimise credit risk in the investment portfolio by pre-qualifying all transactions including the brokers/securities dealers with which they do business, diversifying the portfolio and limiting transactions to secure investments.

b) Interest Rate Risk

The investment officers shall seek to minimise the risk of a change in the market value of the portfolio because of a change in interest rates. This would be achieved by considering the cash flow requirements of Council and structuring the portfolio accordingly. This will avoid having to sell securities prior to maturity in the open market. Secondly, interest rate risk can be limited by investing in shorter term securities.

II. Maintenance of Liquidity

The investment portfolio will maintain sufficient liquidity to meet all reasonably anticipated operating cash flow requirements of Council, as and when they fall due, without incurring significant transaction costs due to being required to sell an investment.

III. Return on Investments

The portfolio is expected to achieve a market average rate of return and take into account Etheridge Shire Council's risk tolerance and current interest rates, budget considerations, and the economic cycle.

4.2. ETHICS & CONFLICTS OF INTEREST

Staff involved in managing Council's finances and investment portfolios shall refrain from personal activities that would conflict with the proper execution and management of Etheridge Shire Council's investment portfolio. This includes activities that would impair the officers' ability to make impartial decisions.

5. IMPLEMENTATION

5.1. INTERNAL CONTROLS

The Finance Manager shall establish internal controls and processes that will ensure investment objectives are met and that the investment portfolios are protected from loss, theft or inappropriate use.

The Chief Executive Officer shall issue a letter to any approved counterparty advising that funds transferred from investments to Council must only be deposited into Council's General Account or Trust Account. This instruction cannot be varied unless a written request is made in writing signed in accordance with Council's account signing authority.

5.2. DELEGATION OF AUTHORITY

Authority for implementation of the Investment Policy is delegated by Council to the Chief Executive Officer in accordance with the Local Government Act 2009, Section 257 (1). Authority for the day-to-day management of Council's Investment Portfolio is to be delegated by the Chief Executive Officer to the Director Corporate Services and/or the Finance Manager.

5.3. BREACHES

Any breach of this Investment Policy is to be reported to Chief Executive Officer and rectified within seven (7) days of the breach occurring.

6. REVIEW

This Policy is to be reviewed annually.

1. BACKGROUND & CONTEXT

Section 192 of the *Local Government Regulation 2012* requires a local government to develop a Debt Policy. The Policy must address the: -

- New borrowings planned for the current financial year and the next nine (9) financial years;
- Period over which Council plans to repay existing and new borrowings.

As a public sector entity, Council is also subject to the provisions of the *Statutory Bodies Financial Arrangements Act 1982*. This Act regulates Council's ability to enter into financial arrangements.

2. PURPOSE & OBJECTIVES

This Policy is formulated under section 192 of the *Local Government Regulation 2012*, and in accordance with the *Statutory Bodies Financial Arrangements Act 1982*. It is intended to guide Council's responsible financial management for loan undertakings, ensuring the level of Council's indebtedness if within acceptable limits to Council, its communities and external stakeholders.

3. POLICY PROVISIONS

3.1. SHORT TERM BORROWING

Council will maintain a Working Capital Facility with Queensland Treasury Corporation to assist in managing cash flows / balances throughout the year, to manage the timing between expenditure and reimbursement on recoverable works so that Council's services and capital works program are not unduly disrupted. Drawdowns from the Working Capital Facility will be repaid as cash balances allow and will generally be fully repaid at the conclusion of the grant / recoverable work activities giving rise to Council's need to draw upon the WCF. Council's WCF limit is \$7.5M.

3.2. LONG TERM BORROWING

As a general principle, Council recognises that loan borrowings for capital works are an important source of funding and that the full cost of infrastructure should not be borne entirely by present day ratepayers. Future beneficiaries of the infrastructure should contribute toward its cost. Whilst recognising the importance of loan borrowings, Council should not place undue reliance upon loans as a source of income.

In general terms, borrowings will only be used to finance capital projects or asset acquisitions that will provide services now and into the future. Council will endeavour to restrict all borrowings to expenditure on identified capital projects that are considered by Council to be of the highest priority, and which cannot be funded from revenue, as identified by the adopted budget. Where identified asset replacement reserves exist, it will be Council's preference to use reserved funds prior to undertaking new loans.

4. POLICY PROVISIONS

DEFAULT CONTRACTING PROCEDURES TO APPLY

Part 3, Chapter 8 of the *Local Government Regulation 2012* relates to the Default Contract Procedures. The default contracting procedures is Council's preferred procurement model and is to be followed by staff unless Council resolves otherwise.

SOUND CONTRACTING PRINCIPLES

Council officers must have regard to the following procurement principles in all purchasing activities, which is in accordance with Section 104 (3) of the Local Government Act 2009:

(a) Open and effective competition

Purchasing should be open and result in effective competition in the provision of goods and services. Council must give fair and equitable consideration to all prospective suppliers.

(b) Value for money

Council must harness its purchasing power to achieve the best value for money. The concept Of value for money is not restricted to price alone. The value for money assessment must include consideration of:

- I. contribution to the advancement of Council's priorities; and
- II. fitness for purpose, quality, services and support; and
- III. whole-of-life costs including costs of acquiring, using, maintaining and disposal; and
- IV. internal administration costs; and
- V. technical compliance issues; and
- VI. risk exposure; and,

VII. the value of any associated environmental benefits.

(c) The development of competitive local business and industry

Council encourages the development of competitive local businesses within the Etheridge Shire Region, and within the North Queensland region.

Where price, performance, quality, suitability and other evaluation criteria are comparable, the Following areas may be considered in evaluating offers:

- I. creation of local employment opportunities;
- II. more readily available servicing support;
- III. more convenient communications for contract management;
- IV. economic growth within the local area;
- V. Benefit to Council of associated local commercial transaction.

(d) Environmental protection

Council promotes environmental protection through its purchasing procedures. In undertaking any purchasing activities Council will:

- I. promote the purchase of environmentally friendly goods and services that satisfy value for money criteria; and
- II. foster the development of products and processes of low environmental and climatic impact; and
- III. provide an example to business, industry and the community by promoting the use of climatically and environmentally friendly goods and services; and
- IV. encourage environmentally responsible activities.

(e) Ethical behaviour and fair dealing

Council officers involved in purchasing are to behave with impartiality, fairness, independence, openness, integrity, and professionalism in their discussions and negotiations with suppliers and their representatives.

Where a tenderer or contractor approaches either a Councillor or staff member and improperly attempts to influence a recommendation or the awarding of work, the tenderer or contractor shall be disqualified from the tender and not be allocated work.

TRANSACTIONS WHERE PURCHASE ORDERS ARE NOT REQUIRED

Purchase Orders are an important requirement of the procurement process. There are some instances where purchase orders are not required when procuring a good or service. These are as follows:

- (a) Purchases through Petty Cash
- (b) Purchases using Corporate Credit Card
- (c) Employee reimbursements

(d) Recurring payments through one supplier – E.g. Insurance, Registration, electricity, telephone, finance costs and government charges (See Appendix 1 for more detail)

Where possible, employees must still have regard to the sound contracting principles and obtain the requisite number of quotations for the value of the procurement.

PURCHASES UNDER \$1,500.00 (VERY SMALL SIZED CONTRACT)

Etheridge Shire Council Officers must adhere to the following when entering into a contract for the acquisition of goods or services for less than \$1,500.

(a) Two (2) verbal quotes are to be requested where practicable

(b) The invoice or sales docket must be obtained and attached to the purchase order.

(c) Details of all offers must be retained for audit purposes.

(d) Authorisation for the purchase must be signed by the relevant staff member within their authorization / approval level.

(e) Quality Assurance requirements are to be considered.

PURCHASES BETWEEN \$1,500.00 AND LESS THAN \$15,000.00 (SMALL SIZED CONTRACT)

Etheridge Shire Council Officers must adhere to the following when entering into a contract for the acquisition of goods or services for greater than \$1,500 and less than \$15,000.

(a) Two written quotes are to be requested for the supply of goods and services in question unless a Standing Offer Arrangement is in place.

(b) Details of all offers must be retained for audit purposes, with written quotes attached.

(c) Reasons for not accepting the lowest offer should also be noted with the detail of offers.(d) Authorisation for the purchase must be signed by the relevant staff member within their

authorization / approval level.

(e) Quality Assurance requirements are to be considered.

(f) Detailed specifications of the goods or services are required to be provided if this becomes necessary for complicated orders.

(g) Where purchase contracts are for professional services and the cost of those services cannot be readily determined before the work is done there is no requirement for a fixed price to be determined prior to entering into the contract subject to the Chief Executive Officer authorizing the contract. If the contract is for specific work done on a time basis or by kilometre completed or some other fixed measurement, the contractor should provide the rate they will charge for each unit.

PURCHASES BETWEEN \$15,000.00 AND LESS THAN \$200,000.00 (MEDIUM SIZED CONTRACT)

The Local Government Regulation 2012, S.225 requires that Council undertake the following requirements:

a) Council cannot enter into a medium-sized contractual arrangement without first inviting written quotes for the contract.

b) The invitation must be given to at least 3 persons who the local government considers can meet the local government's requirements at competitive prices.

c) The local government may decide not to accept any of the quotes it receives, and the reasons for non-acceptance should be noted on the quote.

d) However, if the local government does decide to accept a quote, the local government must accept the quote most advantageous to it having regard to the sound contracting principles.e) Detailed specifications of the goods or services are required to be provided if this becomes necessary for complicated orders.

f) Where purchase contracts are for professional services and the cost of those services cannot be readily determined before the work is done there is no requirement for a fixed price to be determined prior to entering into the contract subject to the Chief Executive Officer authorizing the contract. If the contract is for specific work done on a time basis or by kilometre completed or some other fixed measurement, the contractor should provide the rate they will charge for each unit.

Records of offers received must be kept on file.

PREFERENCE FOR LOCAL SUPPLIERS

In relation to procuring goods and services for a small to medium sized contracts (\$1 to \$200,000), Council will investigate opportunities from the local area first, the FNQ and the Gulf Region second and then from other regions as appropriate. However, Council officers must have regard to the following sound contracting principles stated above.

PURCHASES ABOVE \$200,000.00 (LARGE SIZED CONTRACT)

Council refers to and complies with the Local Government Regulation 2012, Section 226 which states that a local government can not enter into a large-sized contract unless the local government first invites written tenders for the contract under Section 228 of the Local Government Regulation 2012.

ADVERTISING OF TENDERS AND OR EXPRESSIONS OF INTEREST

Tenders and or Expressions of Interest may also be advertised on electronic platforms, such as Vendor Panel, QTenders and the like.

All tenders and/or expressions of interest will be advertised on behalf of Council through its various media platforms (eg. newsletter, facebook). All Tenders and/or Expressions of Interest will be advertised on Council's website. All tenders will be published for at least 21 days.

Council will also publicly advertise Tenders and or Expressions of Interest in newspapers circulating within the area(s) from which suppliers are reasonably likely to be sourced from.

All advertisements must:

- 1. Provide the contact details of Council where full and complete information can be obtained;
- 2. Include the date and time that tenders are required to be received and the address to which they are to be sent;

Council must follow its internal Tender processes for the review of tenders and to decide on which tender to accept.

Council may decide not to accept any tenders it receives. If Council decides to accept a tender, Council must accept the tender most advantageous to it, having regard to the sound contracting principles.

DISPOSAL OF ASSETS

The disposal of a valuable non-current asset is to be undertaken in accordance with Section 227 and Section 236 of the *Local Government Regulation 2012*.

The disposal of a valuable non-current asset by a local government includes the disposal of any part of an interest in the asset. E.g. the grant of a lease over land or a building.

PUBLISHING DETAILS OF CONTRACTS WORTH \$200,000 OR MORE

The *Local Government Regulation 2012*, Section 237 states that a local government must, as soon as practicable after entering into a contract worth \$200,000 (exclusive of GST) or more must:

- (a) publish relevant details of the contract on the local government's website; and
- (b) display relevant details of the contract in a conspicuous place in the local government's public office.

Relevant details must be published or displayed for a period of at least 12 months.

Relevant details of a contract means the following -

- (a) the person with whom the local government has entered into the contract;
- (b) the value of the contract;
- (c) the purpose of the contract.

OTHER EXCEPTIONS

Council may enter into medium-sized and large-sized contracts without first inviting written quotes or tenders under sections 230 to 235 of the *Local Government Regulations 2012* where:

- 1. The procurement contract is entered into under a quote or tender consideration plan (S230)
- 2. Contractor is on an approved contractor list (S231)
- 3. Supplier is on a register of pre-qualified suppliers (S232)
- 4. The supplier is on a preferred supplier arrangement (S233)
- 5. The contract is entered into under an LGA arrangement (S234)
- 6. Another exemption exists under S235: -
 - Council resolves that: -
 - it is satisfied there is only 1 supplier reasonably available to it;

- because of the specialised or confidential nature of the services sought it would be impractical or disadvantageous to invite quotes.

- A genuine emergency exists;
- the purchase of goods at or by way of auction;
- the supply of second-hand goods
- the contract is made with, or under an arrangement, with a government entity.

EVALUATION OF OFFERS

The evaluation of offers must take into account the technical performance of the product, the service being provided, and the value obtained for money spent and the risks associated with the requirement from the respective tenderers.

Officers involved in the quotation / tender evaluation must treat each offer fairly and equitably on the basis of the criteria established in the specification and there should be no changes to the criteria by revising those elements considered as mandatory requirements or giving special weightings to other factors not declared in the original documents.

For contracts over \$200,000 the selection criteria and the decision process are to be fully documented in the detailed specification of the goods and services required. The Chief Executive Officer shall evaluate the tenders, in conjunction with the relevant Department Director, if necessary, with a recommendation being put to Council for approval.

DELEGATIONS

Purchases, including requisitions, must be authorised by an appropriately authorised staff member (refer to Financial Delegations Register for the guide to delegated financial and purchasing limits). The delegated authority limits is issued by the Chief Executive Officer in accordance with the *Local Government Act 2009 (sections 13, 257, 259 and 262)* and *Local Government Regulations 2012.*

The Chief Executive Officer has the authority to amend or suspend the financial delegation for any employee for operational reasons.

The Finance Manager is to ensure that a Register of Financial Delegations Register is maintained.

PROCUREMENT OF ITEMS WHERE NO BUDGET LINE EXISTS OR EXCEEDS BUDGET VALUE

Procurements must be in accordance with Corporate and Operational Plan outcomes and within budget allocations. All purchases must be charged against a budget allocation. Where procurements exceed budget allocations (either individually or collectively) guidance must be sought from the responsible Director or the Chief Executive Officer, before proceeding with the supply.

VARIATION TO CONTRACTS

Any contract variation must be documented and approved by the original requisitioner approver or an officer with a higher Delegation of Authority

CONFLICT OF INTEREST

All employees who have influence over contractor engagement or other procurement activities must observe their statutory duties under S13 of the *Local Government Act 2009* and Council's Code of Conduct. Additionally, all employees involved in the assessment of tenders must complete a Conflict of Interest declaration form attesting that they do not have any conflict of interest in that purchasing decision.

RATIONALE FOR GUIDELINES:

Council's purchasing activities aim to achieve advantageous procurement outcomes by:

- (a) promoting value for money with probity and accountability; and
- (b) advancing Council's economic, social and environmental policies; and
- (c) providing reasonable opportunity for competitive local businesses that comply with relevant legislation to supply to Council; and
- (d) promoting compliance with relevant legislation.

5. AUTHORITIES & ACCOUNTABILITIES

Council officers responsible for purchasing goods and services must comply with this policy. It is the responsibility of Council officers involved in the procurement process to understand the meaning and intent of this policy, and if in doubt, seeking guidance from their supervisor / Director.

Only the Council officers who have received a delegation from the Chief Executive Officer are entitled to sign requisitions, and then only in accordance with their financial delegation limits. By signing a requisition/ purchase order all officers are confirming that they have taken full notice of this policy and will comply with all of the requirements of this policy.

It is the responsibility of the Chief Executive Officer and the appointed Director of Corporate Services and Director of Engineering Services for communicating, implementing, and enforcing the Policy, with any breaches dealing with this policy will be the responsibility of the Chief Executive Officer.

1. PURPOSE

To ensure the probity, accountability and transparency of the use and issue of Council Corporate Purchase Cards in accordance with legislative, contractual and policy requirements.

2. SCOPE

This policy applies to all Council Purchase Cardholders.

The objective of this policy is to provide guidance on the provision and use of Corporate Purchase Cards and ensure sound governance of expenditure incurred by all Cardholders. This policy is subordinate to the Etheridge Shire Council Procurement Policy which covers all procurement activities of council.

3. POLICY STATEMENT

Council will provide corporate purchase cards to authorised Cardholders for purchases where a Council purchase order would not be accepted, or it is more efficient to use a card. Card usage must be in accordance with Council's Procurement Policy and officer's financial delegation

3.1. GENERAL PRINCIPLES

a) Issuing of Corporate Purchase Cards

The Chief Executive Officer has delegated authority to authorise the issuing of Corporate Purchase Cards. Corporate Purchase Cards are issued to permanent employees of Council where it can be demonstrated that the facility is necessary and is the most effective measure for making payments for expenses incurred in the course of official Council business.

Cards will not be issued to elected members (other than the Mayor), contractors or temporary employees.

Cards will not be issued to new employees until the required 3-month probation has been completed. The Corporate Purchase Card is approved for the employee in their current position. If the employee moves to another position where a Corporate Purchase Card is not approved/required or terminates their employment, their card must be surrendered with the appropriate cancellation form signed by their Supervisor and forwarded to the Finance Department for cancellation.

b) Responsibilities

Cardholders must retain transactional evidence i.e. original tax receipts or invoices to support all charges as proof of purchase and to enable the claiming of GST. Cardholders issued with a Corporate Purchase Card are in a position of trust regarding the use of public funds. Cardholders are required to comply with the Council's Codes of Conduct

The Cardholders must ensure that the card is kept in a secure manner and guarded against improper use. The cardholder will be personally responsible for the security of the card, associated card information and any disputed charges.

The Corporate Purchase Card is issued in the Cardholders personal name and is only to be used by the Cardholder.

Corporate Purchase Card Usage

- All purchases made on cards must comply with relevant legislation including the *Local Government Act 2009* and the *Local Government Regulation 2012*.
- All purchases made on the card must comply with Council policies including the Procurement Policy.
- Purchases made on cards should be for goods and services required for conducting official business for Etheridge Shire Council.
- Cash out advance facility has been disabled on all Council cards.
- Use of Corporate Purchase Card for purchases over the internet should be restricted to trusted secure sites.

- In the event of a disputed transaction, the cardholder must:
- o contact the merchant to resolve the dispute.
- o if this is not successful, contact the credit card provider to seek resolution.
- o advise the Accounts Payable of the details of the dispute.
- Corporate Purchase Cardholders issued with a Purchasing Card are in a position of trust in regards to use of public funds. Improper or unauthorised use of the Card may result in the Cardholder being held liable for expenditures, legal/disciplinary action under Council's Code of Conduct, and termination of the Card-use and/or termination of employment.
- Lost or stolen cards are to be reported immediately to Bendigo Bank emergency 24 hour hotline 1800 035 383 and must also be reported to the Finance Department as soon as practicable.

4. **DEFINITIONS**

Council means Etheridge Shire Council.

Corporate Purchase Cardholders, refers to council employees and the Mayor who are issued a Etheridge Shire Council purchase card (credit card).

6. REVIEW

It is the responsibility of the Chief Executive Officer to monitor the adequacy of this policy and implement and approve appropriate changes. This policy will be formally reviewed every four (4) years, as required by Council or as per legislative or model amendments.

Chief Executive Officer Financial Delegations to Officers of powers under sections 13 and 262 of the *Local Government Act 2009* (the Act). Delegations to officers are made under section 259 of the Act. This Register serves as an Instrument of Delegation.

*Conditions to which the delegation is subject:

- 1. The exercise of the power is in accordance with the provisions of:
 - Local Government Act 2009,
 - Local Government Regulation 2012
 - Public Sector Ethics Act 1994,
 - Integrity Act 2009,
 - Council's Procurement Policy;
 - Council's Purchasing Card Policy.
- 2. Expenditure is provided for in Council's approved budget
- 3. Expenditure may only be incurred on items within the area of responsibility of the person to whom the financial delegation is granted
- 4. The manner in which authorised persons may incur expenditure for purchase cards will be in line with the approved operating procedures for purchase cards, and must be accompanied with supporting receipts or statutory declaration
- 5. Payment may only be authorised following certification that the goods/services have been received and are for the use of the Etheridge Shire Council.
- 6. The exercise of the power is authorised up to the maximum monetary value listed for the position, in any one transaction;
- 7. Where an officer is Acting in a position with a Financial Delegation (excepting Credit Card Financial Delegations), the officer takes on that level of financial delegation for the purposes of conducting the roles and responsibilities of that position for the duration of the Acting arrangements;
- 8. There should only be one transaction per purchase, meaning no splitting of transactions or purchase orders to meet limits/maximum delegations;
- 9. The Financial Delegation column refers to the operation financial delegation limit within Practical or Council's Financial Institution.
- 10. The financial delegation listed is deemed to be exclusive of GST.
- 11. When exercising a delegation, all approvals and supporting documentation, in their final form, must be attached to the relevant purchase order/requisition paperwork (including in Practical).
- 12. The Executive Leadership Team and Department Managers have the delegated authority to sign contracts within their department responsibility where the cumulative value of the arrangement is less than their financial delegation, subject to an approved budget or council resolution. This condition only applies to procurement relating to a financial delegation, this does not include the signing of leases, easements, infrastructure agreements or any other legal instrument.
- 13. All variations must only be authorised by the relevant Executive Leadership Team member of that Department, subject to an approval of the terms and conditions by the Chief Executive Officer and it is within the approved budget or council resolution.
