

## REQUEST OVERVIEW

Etheridge Shire Council (ESC) invites tenders from suitably qualified laboratories to conduct soil testing for the **Soil Test for Zone 1, 2, and 3 for the DRFA Project** across multiple locations within the Shire. The scope of work includes the **collection, transportation, and laboratory testing** of soil samples to assess compliance with **Type 3 material requirements as per TMR Specifications**.

The successful contractor will be responsible for **digging test holes or collecting samples from existing stockpiles**, with **two samples per pit** for detailed analysis. Testing must be conducted in a **NATA-endorsed laboratory** and include the following tests:

- **Particle Size Distribution (PSD)**
- **Liquid Limit**
- **Linear Shrinkage Index**
- **Flakiness Index**
- **California Bearing Ratio (CBR)**
- **Borelog of Test Pits**

## TENDER DETAILS

Tender documents, including specifications and submission requirements, are available from the **Etheridge Shire Council website**.

- **Tender Closing Date: 26/03/2025**
- **Expected Completion Date: 30/04/2025**
