

PUBLIC NOTICE

Drinking water alert lifted in Forsayth

Etheridge Shire Council advises all residents in Forsayth that tap water used for drinking is now safe to consume. This notice applies to all residents in Forsayth from 23/8/2018.

There is no longer a public health concern over the quality of drinking water, and it is now considered safe for all typical uses including drinking, use in food or beverages, personal washing, dishwashing, laundry purposes and flushing toilets.

Etheridge Shire Council has worked closely with Queensland Health over the past week to resolve the situation as quickly as possible. Close monitoring and water sampling have been taken to protect the safety of the drinking water. Both agencies will continue to closely monitor the situation.

Residents are asked to share this notice with neighbours and friends.

If you wish to discuss this matter further, please do not hesitate to contact Shane Butler on 0427 621 279.
